Unio Siurana has an intense and pleasantly fruity green olive aroma, with notes that are reminiscent of mint and freshly cut grass, as well as hints of fruit like apple or banana. The flavours of tomato and unripe walnut, with an almond aftertaste that creates a magnificent sensation on the palate, stand out in the mouth and you quickly appreciate that you are tasting a unique and exceptional oil. Unio crafts a harmonious, well-rounded and rich oil with a multitude of attributes and a perfect balance between sweet, bitter and spicy.

Casual Charcuterie Since 1975

We <3 liver. Whether coarsely chopped or emulsified into a spreadable paste, pâtés are the real soul of French charcuterie and what won us acclaim back in 1975. To make our pâté, a mixture of liver and meat is mixed with a glug of fine French spirits or wine, aromatic spices, and cooked in a mold on low heat before being sealed up in convenient 8oz or 5oz packages.

The next time you're looking for a rich and flavorful protein that's nutrient-dense and high in iron and minerals, why not make it a little luxe?

Caramel is a timeless confectionery. Its manufacture requires special attention and significant know-how, as well as very high quality ingredients to achieve the expected sweetness and flavours.

Caramels d'Isigny, which are local products of the terroir par excellence, are made with high-quality local raw materials: whole milk, Isigny PDO Butter and Isigny PDO Cream.

The caramel's unique flavour is a direct result of these premium ingredients. The proportions of milk, cream and butter as well as the cooking temperatures are what give them their texture and distinctive nature.

The Caramels d'Isigny recipe showcases quality ingredients and contains no gluten, gelatine, palm oil or artificial flavouring.

The caramels are made using artisanal methods. The production team is now made up of 10 employees who apply all their exceptional know-how to create these valued products.

CHOCOPOLOGIE™
by House of Knipschildt

Made in Connecticut!

Fritz Knipschildt's early passion and innovative ideas to creatively infuse elements from the savory kitchen into the world of chocolate and confection have been highly awarded at numerous national and international food competitions through the last decade and is frequently showcased on national TV stations like The Food Network and CNBC as well as in major publications like the New York Times, The Wall Street Journal and The Oprah Magazine.

Fritz Knipschildt began his journey to present the world with the most exquisite chocolates in his small apartment kitchen back in 1999 in Connecticut. As a young adventurous chef and immigrant from Denmark, his passion and dedication to constantly setting the bar for what is possible and durable in the world of fine chocolates and confectionary, has always been - and is more than ever today - a corner stone of House of Knipschildt.
